A trust is a three-party fiduciary relationship in which the first party, the trustor or settlor, transfers ("settles") a property (often but not necessarily a sum of money) upon the second party (the trustee) for the benefit of the third party, the beneficiary.. A testamentary trust is created by a will and arises after the death of the settlor. An inter vivos trust is created during the ...

By conceiving the project from the beginning as an agile project, you can outsource projects effectively and agilely. This paper describes how one team used Scrum to create an agile RFP, discusses what information should be present in an agile RFP and proposes how to find a partner to trust through a lean, Agile selection process.

A rhetorical question is a figure of speech in the form of a question that is asked to make a point rather than to elicit an answer. Though a rhetorical question does not require a direct answer, in many cases it may be intended to start a discussion or at least draw an acknowledgement that the listener understands the intended message.
