The income gap between rich and poor has increased steadily in line with economic progress, but only recently, with unemployment and austerity measures hitting the poor and “squeezed middle” the most, has public resentment against inequality reached a peak.

The Haves and Have Nots: The Impact of the Widening Gap

Has the academic achievement gap between students from high-income and low-income families changed in the last few decades? And if so, why? Historically, low-income students as a group have performed less well than high-income students on most measures of academic success—including standardized test scores, grades, high school completion rates, and college enrollment and completion rates.
