

### **an introduction to literary pdf**

New Criticism. A literary movement that started in the late 1920s and 1930s and originated in reaction to traditional criticism that new critics saw as largely concerned with matters extraneous to the text, e.g., with the biography or psychology of the author or the work's relationship to literary history.

A literary element, or narrative element, or element of literature is a constituent of all works of narrative fiction—a necessary feature of verbal storytelling that can be found in any written or spoken narrative. This distinguishes them from literary techniques, or non-universal features of literature that accompany the construction of a particular work rather than forming the essential ...

Literary theory in a strict sense is the systematic study of the nature of literature and of the methods for analyzing literature. However, literary scholarship since the 19th century often includes—in addition to, or even instead of literary theory in the strict sense—considerations of intellectual history, moral philosophy, social prophecy, and other interdisciplinary themes which are of ...
