

arabesques decorative art in pdf

The arabesques and geometric patterns of Islamic art are often said to arise from the Islamic view of the world (see above). The depiction of animals and people is generally discouraged, which explains the preference for abstract geometric patterns.. There are two modes to arabesque art. The first recalls the principles that govern the order of the world.

Arabesque - Wikipedia

In architecture and decorative art, ornament is a decoration used to embellish parts of a building or object. Large figurative elements such as monumental sculpture and their equivalents in decorative art are excluded from the term; most ornament does not include human figures, and if present they are small compared to the overall scale. Architectural ornament can be carved from stone, wood or ...
