Human capital flight refers to the emigration of individuals who have received advanced training at home. The net benefits of human capital flight for the receiving country are sometimes referred to as a "brain gain" whereas the net costs for the sending country are sometimes referred to as a "brain drain". In occupations that experience a surplus of graduates, immigration of foreign-trained ...

What is Narrative Therapy? A Definition. Narrative therapy is a form of therapy that aims to separate the individual from the problem, allowing the individual to externalize their issues rather than internalize them. It relies on the individual’s own skills and sense of purpose to guide them through difficult times (œNarrative Therapy•, 2017).
