The World State is the primary setting of Aldous Huxley's 1932 novel Brave New World. In the novel, the World State is a unified government which administers the entire planet, with a few isolated exceptions.. The motto of the World State is "Community, Identity, Stability". The government in the book is not actually called "The Brave New World".

So the layman will need to understand that there is a new kind of electromagnetic energy that is altogether different from what he knows, e.g. radio, TV, cell phones, etc. The ordinary EM waves that we have known about are called transverse EM waves, to distinguish them from the new longitudinal EM waves. These scalar waves do not actually exist in our "material" world, but exist only in the ...
