Building a World-class Bus System for Britain ES2 | Page Abstract "Bus deregulation in the 1980s was supposed to improve Britain's bus services, but it made them worse. After thirty years with the deregulated system it is now clear that there is a fundamental conflict between deregulation and a world-class bus

"Building a Second Brain was just the class I was looking for to help me take my work in education philanthropy to the next level. Not only did I learn how to build a system to organize my sources and notes, but I also learned a technique to process this information to keep it alive. Now I know how to add value by

growing the resources I collect into actionable ideas to take back out into the ...

Building a Second Brain

Green building (also known as green construction or sustainable building) refers to both a structure and the application of processes that are environmentally responsible and resource-efficient throughout a building's life-cycle: from planning to design, construction, operation, maintenance, renovation, and demolition. This requires close cooperation of the contractor, the architects, the ...
