An income trust is an investment that may hold equities, debt instruments, royalty interests or real properties. The trust can receive interest, royalty or lease payments from an operating entity carrying on a business, as well as dividends and a return of capital.. The main attraction of income trusts (in addition to certain tax preferences for some investors) is their stated goal of paying ...

Optimal tax theory or the theory of optimal taxation is the study of designing and implementing a tax that maximises a social welfare function subject to economic constraints. The social welfare function used is typically a function of individuals' utilities, most commonly a utilitarian function, so the tax system is chosen to maximise the sum of individual utilities.
