The period from the nineteenth century to the present has been characterised by establishment and growth of the African strand of development of Christianity. This phenomenon has given birth to indigenous Churches and prayer groups in Africa. These groups have not only taken root but they have proliferated and shown phenomenal growth particularly in Sub-Saharan Africa.

Table of names for hybrids. Below are some tables showing the many Panthera hybrids. Panthera hybrids are typically given a portmanteau name, varying by which species is the dam (female parent) and which is the sire (male parent). For example, a hybrid between a male lion and tigress is a liger, because the lion is the male and the tigress is the female parent.
