3 The most important problem of Historicism was the continuous expansion of the scale of buildings. In the 19th century the buildings were becoming gradually bigger and bigger in size. In the course of the 19th century the architects tried to find newer and newer historical styles to form the façades of their buildings.

Spanish architecture refers to architecture carried out in any area in what is now Spain, and by Spanish architects worldwide. The term includes buildings within the current geographical limits of Spain before this name was given to those territories (whether they were called Iberia, Hispania, Al-Andalus or were formed of several Christian kingdoms). Due to its historical and geographical ...
