

### **evolutionary psychology david buss pdf**

David M. Buss (born April 14, 1953) is a professor of psychology at the University of Texas at Austin, known for his evolutionary psychology theorizing and research on human sex differences in mate selection, with a focus on systems in which males are allowed violence against women in mating.

### **David Buss - Wikipedia**

Evolutionary psychology is a theoretical approach in the social and natural sciences that examines psychological structure from a modern evolutionary perspective. It seeks to identify which human psychological traits are evolved adaptations — that is, the functional products of natural selection or sexual selection in human evolution. Adaptationist thinking about physiological mechanisms ...
