The 6th Conference on Natural Channels will discuss topics such as Regulatory Environment of Natural Channel System Design, Ecological Requirements for Natural Channel Systems, Tools for Designing Natural Channel Systems, Performance of Natural Channel Systems and Applying Natural Channel System Approach in a constrained system (e.g., urban, agricultural drains, mining, old dam removal or ...

Welcome to the 6th Conference on Natural Channel Systems

The notion of water on Mars preceded the space age by hundreds of years. Early telescopic observers correctly assumed that the white polar caps and clouds were indications of water's presence. These observations, coupled with the fact that Mars has a 24-hour day, led astronomer William Herschel to declare in 1784 that Mars probably offered its inhabitants "a situation in many respects similar ...

Project Deliverable 4-2 Classification of the aesthetic value of the selected urban rivers - Methodology 5 WP4 AESTHETIC EVALUATION URBEM Summary This document aims at reporting on the approach pursued to establish a methodology to evaluate and classify the aesthetic values of urban watercourses.

Classification of the aesthetic value of the selected

The Sarasvati River is mentioned in all but the fourth book of the Rigveda. The most important hymns related to Sarasvati are RV 6.61, RV 7.95 and RV 7.96. Macdonell and Keith provided a comprehensive survey of Vedic references to the Sarasvati River in their Vedic Index.. Praise. The Sarasvati is praised lavishly in the Rigveda as the best of all the rivers.

The above is a general aerial photograph of the Hope's Nose area for location purposes. Some much more detailed aerial photographs, courtesy of The Channel Coastal Observatory follow.. Note: The aerial photograph above is of particular interest in that it shows a large plume of pollution being swept southward from the sewage outfall.
