Thermo Fisher Scientific is dedicated to improving the human condition through systems, consumables, and services for researchers.

### **Thermo Fisher Scientific - US**

Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.

Faculty within the Department of Molecular and Comparative Pathobiology conduct research which includes animal models of HIV/AIDS, prenatal stress, atherosclerosis, and neurodegenerative disease.

### **The Department of Molecular & Comparative Pathobiology**

A not always very easy to read, but practical copy & paste format has been chosen throughout this manual. In this format all commands are represented in code boxes, where the comments are given in blue color. To save space, often several commands are concatenated on one line and separated with a semicolon ';
