Fight Colds and Flu with an Innovative Technology The cold and flu season, which extends from Halloween

to New Years, is upon us. The reason why so many people are susceptible is due to the fact that during this period people ingest large quantities of sugar, processed foods, and drink more alcoholic beverages than normal.

Welcome to the Department of Physical Therapy and Occupational Therapy of Duke University Medical Center. On behalf of our Department, we pledge to make the health and rehabilitation needs of our patients our number one priority.

Department of Physical & Occupational Therapy

Animal testing, also known as animal experimentation, animal research and in vivo testing, is the use of non-human animals in experiments that seek to control the variables that affect the behavior or biological system under study. This approach can be contrasted with field studies in which animals are observed in their natural environments or habitats.

Animal testing - Wikipedia

Childbirth, also known as labour and delivery, is the ending of a pregnancy by one or more babies leaving a woman's uterus by vaginal passage or Caesarean section. In 2015, there were about 135 million births globally. About 15 million were born before 37 weeks of gestation, while between 3 and 12% were born after 42 weeks. In the developed world most deliveries occur in hospital, while in the ...

The prescribing of opioid analgesics for pain management—particularly for management of chronic noncancer pain (CNCP)—has increased more than fourfold in the United States since the mid-1990s. Yet there is mounting evidence that opioids have only limited effectiveness in the management of CNCP, and the increased availability of prescribed opioids has contributed to upsurges in opioid ...
