

philosophy and resistance in pdf

Philosophy (from Greek $\varphi\iota\lambda\sigma\phi\iota\alpha$, philosophia, literally "love of wisdom") is the study of general and fundamental problems concerning matters such as existence, knowledge, values, reason, mind, and language. The term was probably coined by Pythagoras (c. 570–495 BCE). Philosophical methods include questioning, critical discussion, rational argument, and systematic presentation.

Philosophy - Wikipedia

African philosophy is philosophy produced by African people, philosophy that presents African worldviews, or philosophy that uses distinct African philosophical methods. African philosophers may be found in the various academic fields of philosophy, such as metaphysics, epistemology, moral philosophy, and political philosophy. African philosophy can also be defined as any epistemic endeavor ...

African philosophy - Wikipedia

Autonomy. Autonomy is an individual's capacity for self-determination or self-governance. Beyond that, it is a much-contested concept that comes up in a number of different arenas.
