

tapping into the wire pdf

Telephone tapping (also wire tapping or wiretapping in American English) is the monitoring of telephone and Internet conversations by a third party, often by covert means. The wire tap received its name because, historically, the monitoring connection was an actual electrical tap on the telephone line.

Somma Tool Company has a large variety of tooling for tapping and reaming operations. Somma Tap Holders are available in many styles: with the Somma Releasing style tap holder (floating and non floating), when the tap contacts the work, the clutch ring slides forward to fully engage the spindle for positive driving power.
