The following is a list of notable architects " well-known individuals with a large body of published work or notable structures, which point to an article in the English Wikipedia.

List of architects - Wikipedia

An architect is a person who plans, designs, and reviews the construction of buildings. To practice architecture means to provide services in connection with the design of buildings and the space within the site surrounding the buildings, that have as their principal purpose human occupancy or use. Etymologically, architect derives from the Latin architectus, which derives from the Greek (arkhi ...
