

### **the green room pdf**

In show business, the green room is the space in a theatre or similar venue that functions as a waiting room and lounge for performers before and after a performance, and during the show when they are not engaged on stage. Green rooms typically have seating for the performers, such as upholstered chairs and sofas. The origin of the term is often ascribed to such rooms historically being painted ...

Green is the color between blue and yellow on the visible spectrum. It is evoked by light which has a dominant wavelength of roughly 495–570 nm. In subtractive color systems, used in painting and color printing, it is created by a combination of yellow and blue, or yellow and cyan; in the RGB color model, used on television and computer screens, it is one of the additive primary colors, along ...
