Food Network Star: The Official Insider's Guide to America

The threat of attack from insiders, or an insider causing harm without malicious intent, is real and substantial. To prevent harm to their assets, historically, organizations focused on external-facing security mechanisms, such as firewalls, intrusion detection systems, and electronic building access systems.

An insider is a member of any group of people of limited number and generally restricted access. The term is used in the context of secret, privileged, hidden or otherwise esoteric information or knowledge: an insider is a "member of the gang" hence knows things outsiders don't, including insider jargon.. In our complicated and information-rich world, the concept of insider knowledge is ...
